

Given the trend towards stability in areas of China affected by the virus, the *In the Name of Love* planning committee has decided to end the fundraiser effective 11:59pm CST, Mar. 07, 2020.

The Minnesota Chinese International School and Chinese American Chamber of Commerce – MN are both independent, officially registered non-profit organizations. As such they can continue to receive donations, but any such donations will not be connected to this fundraiser. Beginning on midnight, Mar. 08, any donations received with *In the Name of Love* specified in the memo will be returned to sender.

As of Mar. 01, the planning committee has purchased 50 oxygen concentrators, 28 of which have already reached frontline hospitals and 22 of which are currently en route to their destinations. At the conclusion of the fundraiser event, all funds raised, oxygen concentrator purchase orders, certificates of quality, and shipping and hospital receipt information will be made public. The list of applications from hospitals in need of oxygen concentrators remains long. We will use all remaining donations to purchase as many devices as possible. When the last remaining funds are no longer enough to purchase an oxygen concentrator, the three sponsoring organizations will provide the difference to donate one final device.

Thank you to all restaurants for your active participation! In order to ensure that all registered restaurants as well as those preparing to sign up still have the opportunity to participate, beginning on Mar. 07 two to four restaurants will take part in “Restaurants in Action” each day.

*In the Name of Love* began on Feb. 19 and received the gracious support of our Minnesota community, especially from the 12 supporting organizations and all restaurants that participated in making “Restaurants in Action” a reality. We would also like to express our deep gratitude to local newspaper Pioneer Press, local NBC station Kare11, and CCX Media for their interviews and publicity.

**Thank you all for your support!**

**Planning Committee Members (in alphabetical order of last name):**

- Jin Chen (陈家喜)
- Xia Huang (黄瑛)
- Justin Lipsky (李健)
- Steven Zeng (曾劲波)
